## THE ELECTION.

Council Committee on Elections to Meet Next Monday

### TO MAKE THE ARRANGEMENTS

FOR THE APPROACHING ELECTION, WHICH WILL DECIDE THE FATE OF THE CITY DEBT REFUNDING LOAN ORDINANCE. THE ORDINANCE AND PROJECT TO BE DISCUSSED AT THE NEXT MEETING OF THE OHIO VALLEY TRADES ASSEMBLY.

On Monday evening there will be a meeting of the city council committee on elections, at which arrangements will be made for the special election, Saturday, November 27, which is to determine the fate of the refunding loan proposition. One of the stock arguments of the opposition has been the alleged enormous cost of holding the special election. City Clerk Watkins estimates that by having one voting precinct in each ward the cost would not be over \$300, including the advertising of the ordinance in all the papers in the city, as required by law. There will be no expense in the way of renting rooms, as shown by the following exhibit:

First ward—Vigilant engine house.  
Second ward—Chemical house.  
Third ward—Police court room.  
Fourth ward—Atlantic engine house.  
Fifth ward—Hook and Ladder house.  
Sixth ward—Niagara engine house.  
Seventh ward—Island hose house.  
Eighth ward—Eighty ward engine house.

A week from to-morrow the refunding loan campaign will begin in earnest, for on that afternoon there will be an open meeting of the Ohio Valley Trades and Labor Assembly, at which champions for and against the refunding loan will address the assembly and the public in general which is invited to participate in the proceedings. Mr. A. L. Bauer, of the assembly, who was delegated to secure speakers for the occasion has got Messrs. Matt A. Chew, president of the second branch of council, and Morris Horkheimer, who will speak in behalf of the refund, and Councilman Charles Ahl, who will endeavor to defend the opposition to the project. Another speaker to assist Mr. Ahl is to be secured before the meeting is held.

### WILL DIVIDE THE EXPENSE.

A meeting of the council committee on streets, alleys and grades was held yesterday afternoon at the corner of Eighth and Market street, for the purpose of hearing the complaints of citizens living on the east side of Market above Eighth regarding the new grade established recently for the brick pavement. The grade was lowered considerably, and the citizens assert that when they cut down their pavements to the required grade their retaining walls will be in danger of toppling over. After the committee had made its investigation, it was decided to make a recommendation to council that the city undertake the rebuilding of the walls and the property owners to pay for excavation.

### POLICE COMMITTEE.

The council committee on police and city prison met last night. Several bills were ordered paid, and Captain Bennett was authorized to purchase 100 feet of rope, to be used in keeping the crowd back at fires.

An anxious creditor sent in a communication to the committee, in reference to a debt contracted by a city employe, from whom no signs of settlement were forthcoming. The committee after discussing the matter, instructed the head of the respective department with which the said employe is connected, to take such steps as will force a settlement of the debt. While upon if contracted previous to the employe being in the city's employ, the committee expressed itself as averse to having similar occurrences repeated.

### ACCOUNTS COMMITTEE.

The committee on accounts last night ordered bills paid, totalling \$569 14. The books of the city clerk and city receiver were examined and found correct.

### A Fattie Jump for Liberty.

BUFFALO, N. Y., Nov. 5.—William Moran, forty years of age and John Moran, his nephew, sixteen years old, were yesterday sentenced to the Erie county penitentiary, from Westfield, N. Y., for car burglary. Constable Driggs was detailed to bring the prisoners to Buffalo. They traveled on a fast Lake Shore train and when near Lake View the prisoners made a rush for the car door and jumped from the train. Both rolled down a steep embankment. A farmer noticed the men running toward the woods, shackled together, and notified the county police. The men were captured shortly afterwards. Neither had been injured.

MOST men break down when afflicted with rheumatism. If they would try Salvation Oil they would find relief at once.

### THE RIVER.

The marks at 6 p. m. showed 11 inches (actual stage 61 inches) and nearly stationary. There is a slight rise coming from above, it having reached Steubenville late yesterday afternoon. Weather cloudy and cool.

Captain Crookard believes there will be a rise of some consequence within the next few days. The ground is now well saturated and additional rains will find their way into the rivers. The captain will have the wharftow towed up from Parkersburg as soon as there is three feet, the amount of water needed for a towboat.

### CASE OF DEPRAVITY.

Conduct of inmates of a Shanty Boat Arouses Indignation on South Side.

For the past two days a shanty boat containing two men and three young girls, has been anchored on the river bank, at the foot of Twenty-ninth street. The oldest girl is about fourteen years of age, and her two female companions are between twelve and thirteen. The residents of that part of the city threaten to use harsh measures with the men, if the authorities don't investigate. It is alleged with some certainty that the men have induced the girls to live with them, all are strangers. It is a lamentable state of affairs, and the Humane Society may take a hand in it.
